Manson Creek Announces Non-Brokered Financing

Manson Creek Resources Ltd. ('Manson Creek') is pleased to announce a proposed non-brokered private placement of up to 1,852,940 units ("Common Units") at a price of \$0.17 per Common Unit and up to 2,900,000 flow through units ("FT Units") at a price of \$0.20 per FT Unit, for combined gross proceeds of up to \$895,000.

Each Common Unit will consist of one common share, one half of one Series A common share purchase warrant and one half of one Series B common share purchase warrant. Each whole Series A common share purchase warrant (a "Series A Warrant") will entitle the holder to purchase an additional common share at a price of \$0.23 for one year following closing. Each whole Series B common share purchase warrant (a "Series B Warrant") will entitle the holder to purchase an additional common share at a price of \$0.40 for two years following closing. Each FT Unit will consist of one common share of Manson Creek to be issued on a flow through basis and one common share purchase warrant. Each whole common share purchase warrant (a "Series C Warrant") will entitle the holder to purchase an additional common share at a price of \$0.35 if purchased in the first year following closing or at a price of \$0.50 if purchased in the second year following closing.

MineralFields Group (a division of Pathway Asset Management) has agreed to purchase up to 2,500,000 FT Units for gross proceeds up to \$500,000.

The Common Units and FT Units are to be offered on a non-brokered basis by way of private placement to accredited investors and any securities issued will be subject to a hold period of four months plus one day from the date of closing. This financing is subject to TSX Venture Exchange and regulatory approval.

Manson Creek is pleased to be entering into this relationship with MineralFields Group. This is a significant milestone in the continuing growth of Manson Creek and the Company looks forward to working with MineralFields Group in developing key projects located in British Columbia and Saskatchewan.

Manson Creek's key projects for 2007 include exploration on the Black Lake uranium property, proposed diamond drilling on the Meridian gold-silver property, and sampling on the Stem uranium property.

A cash commission of up to 7.5% of the gross proceeds of the financing will be payable to eligible agents upon closing of the private placement.

Proceeds of the financing will fund a portion of the 2007 exploration program of Manson Creek and for general working capital purposes.
